Comment:

The DBs identify xpon, who is being lynched :/

Conia is on the boat now.

Nothin much to add. Besides that a lot of people found xpon suspicious? :V

Phase Change

Day 1 begins

Everyone finally assembled on the deck, after some people urgently had to go to the bathroom or were thirsty... and so on.

Kleene: "Finally. Someone died on my ship and all you people can think about is to go to the bathroom. Jeez."

Jack: "So, who was it? Confess now! So we can give you a bill for the mess. And arrest you of course."

Silence... no one said anything.

Kleene: "Fine... we'll do it democratically then. Maybe someone saw something? Vote for the one you think did that crime then! He'll be taken responsible then and be punished! Oh, I like democracy."

Kleene had an evil grin on her face.

People looked at each other puzzled. No one said anything for a while. But no one wanted to be held responsible and getting "punished" either. So, the "democracy" begun.

"It was xpon!" Parkur yelled.

"I also thin it was xpon!" Schillok said.

xpon: "No! It wasn't me!"

Edogawa: "I think it was Parkur! He and his evil unicorns!"

breva: "Ha! Don't believe him! It was Edogawa! He and his brownies!"

Conia: "No... I also think it was Parkur..."

pofa: "Hmpf... I think it was Schillok. Yes. It has to be Schillok"

PhoenixTears, with burning eyes: "Sure Conia! Like we'll believe you! It was you conia! You just want to blame someone else!"

Dus: "No no... it was xpon. Like the others said."

shin_ichi01: "Yes! Listen to Dus! It was xpon!"

Commi-Ninja from the shadows: "psst, it was meme"

Akonyl, being all yellow: "Did you hear that? Hmm, I thought I heard something just now. Anyway, it was Kain!"

Sakina: "It was meme!"

meme: "What? You're kidding, right? It was shin_ichi01!"

Abs., spinning around in a circle said: "Detective Tommy~ It has to be him~"

CTU: "Nope. Definitely xpon."

Paix672 wasn't interested. Instead, looked at the sky: "Ohhh, look at all those nice clouds~!"

Holmes was busy staring at people and murmured something: "Hmmm, seems he's related to this guy... and this one likes ... and that one..."

KainTheVampire was distracted by the dolphins swimming in the water...

Yurikochan was hiding behind Jack and stared at Conia.

Nomemory and Sherlock3 were drinking tea instead.

Nomemory: "So... why are we here again?"

Detective Tommy face palmed -(\-

Kleene: "So... xpon it is, huh?"

Suddenly, xpon escaped from the crowd.

xpon: "You'll never get me! I'll flee from the ship and swim to a safe place!"

xpon jumped from the ship.. but...

xpon(Yumi) was eaten by a shark.

Kleene: "Oh well. At least I don't need to feed Harry anymore."

Hints:

No hints here. Abs. was spinning around for the first time, which was pretty random from my side actually. Later on, the BO asked: "Is there a role that is spinning around? Who could Abs. be?"
"Hm... I don't think so D:"
That conversation made me laugh XD

Will

brev:

Are you happy now? You lynched the great sleeping Kogoro

Edogawa

Quote from: Note in Akemi's hand

I don't deserve life anymore.... I've killed my younger sister and now my darling Eisuke has died because of me!
