Commi:

Night 1:

So there I was, minding my own business, playing with a laser pointer, when all of a sudden, a bird got distracted by it. She flew too close and followed the laser right into a wall. Poor bird.

Night 2:

There was a detective running across the deck of the ship, and I thought it would be funny to trip him up a bit. Unfortunately, he fell and hit his head. Hard. I didn't stick around to find out whether he had a concussion.

Night 3:

There was this girl whining over some guy's dead body and I wanted to distract her, so I threw a bucket of water at her. It seemed to do the trick. Of course, then she was chasing me across the deck, so maybe it wasn't such a good idea.

What I have learned from my time on this ship: birds are nice, if a bit ADD, and I probably shouldn't be tripping people. Also, not too fond of bloodsuckers. I never did find my little brother, either....

Ignore the nonsense the captain is sprouting about me being Gin, she's been at my liquor cabinet again.

I'm really Eisuke and I wish the town the best of luck. You're gonna need it. >:D

Phase Change

Day 3 begins

Long long time ago, there was a riceball... wait, wrong story.

Meanwhile, in the storage.

"Graaaaawwbear! Graaaaawwbear! Where are you?" Striprice was still looking for her Teddy. The cook, who is totally awesome and no one got it, goes into the storage.

Cook: "What's wrong little girl? Are you lost?"

Striprice: "I lost my Teddy bear, her name is Grawwbear! Please help me find her! The others were totally useless!"

Cook: "Oh, that teddy bear. I used it as a indigent for the last BBQ"

Striprice:

"Noo"

Meanwhile on the deck.

Jack: "Huh? Did you hear that?"

Captain Kleene Onigiri: "My spider senses are tingling!" *.*

Jack: "Your what?" *makes a confused face*

Kleene: "Never mind, it's a mother thing. Anyway, it's time to duell Er, I mean it's time for the next lynching victim! Sooo~ Let's ask the passengers who they like to see dead. Let's start with Dus."

Dus, smoking a cigarette and being totally awesome, with his long black coat and his black hat and his long silver hair: "I'd like to see a lot of people dead." He smirks.

Kleene: "Uh, well, and who would you like to see dead today?"

Dus: "well, if I have to choose, then I'd say it should be KainTheVampire."

KainTheVampire: "Lynch Dus! He has to die!"

Kleene: "All right! All right! Well, Commi-ninja, who is lurking in the shadow, what do you think"

Commi-ninja: "Well, I'd say we should lynch Argh blergh!"

Kleene: "Argh blergh? I don't remember inviting anyone with that nam-- Whoa!"

Commi-ninja(Asami) is coughing a lot of blood, holding her chest tightly and collapses. With her last strength, she gives Captain Kleene Onigiri a shuriken with a small paper attached to it (DON'T throw shurikens at the captain!)

Kleene: "Oh dear, Commi-ninja was poisoned

Poor girl. Anyway, let's ask someone else then. Abs.? ..."

Abs. spins around in circles... again...

Kleene: "Never mind him... Well then, what do you think, Sakina? Sakina? SAAAAKIIINAAAA?"

Sakina looks at the Captain, but isn't interested.

Kleene: "Duh, then not. Well, we still have other people to ask. So, meme, what about you?"

Meme looks into the sky and looks at the pretty clouds~

Kleen: "Stop ignoring me! Hmpf. Well, shin_ichi01, what would you suggest?"

Shin_ichi01: "Yes! Yes! I'd say we BLERGHARGHBLEH!"

Kleene: "What, again?" everyone is shocked.

Shin_ichi01(Kobayashi) collapses and scratches the floor because of the pain. No one can help her, and after a while she stops moving...

Kleene: "Damn! Not gain! But look, Shin_ichi scratches something into the floor. Hey! Don't damage the ship!"

Scratchings on the floor by shin_ichi01:

Sherlock3. That is all.

Kleene: "Long will is long. Well then, we actually wanted to lynch someone. There shouldn't be any mor--"

Edogawa4868: "Blergh! How... how did yo... NO!"

Edogawa4869(Akemi) screams and collapses. He's wringing around, but even with all that pain, he's staring at a certain person and whispers something, but no one understood what.

Dus smirks and laughs.

Kleene: "Uh, well. Not three people were poisoned. So, the lynching shouldn't be distur--"

"NOOOOOOOOOOOOOOOOOOOOOOO!"

Kleene: "Damn..."

KainTheVampire is shaking and holding a knife in her hand.

KainTheVampire: "You! You killed my darling! How.... how could you! To your own member! You monsters!" Tears are rolling down her cheek. She's shaking and trembling. People try to calm her down, but she won't listen. People try to stop **KainTheVampire(Eisuke)**, but with one strike she cuts her own throat... she's choking and bleeds to death...

Still, she said some last words: "I.... love... you.....too...."

Everyone was silent and shocked... KainTheVampire suicided? But the silence was broken by someone.

Dus: "HAHAHAHAA! That's what you all deserve!"

Kleene: "... this is troublesome... anyway, what do the others thing? Who should we lynch?"

Everyone else that wasn't mentioned yet: "DUS! DUS! DUS!"

Kleene: "Well then, Dus. Seems like it's unavoidable. But you seem to have expected it?"

Dus: "Hmpf. Yes, it was pretty obvious they want to lynch me. Since I'm pretty dangerous"

Kleene: "Good, then to the plank with you!" Kleene pulls out a sword and pushes Dus to the plank."

Dus on the plank: "Well, I don't have a last wish?"

Kleene: "Hmmm.. alright, you'll get one. What do you wish? Besides not getting killed of course."

Dus: "My last smoke." Dus pulls out a cigarette and smokes it.

After some minutes, Kleene becomes impatient.

Kleene: "Hurry up!"

Dus: "Yes, yes, let me enjoy my la--" **Dus(Gin)** starts coughing and loses his balance, making him fall into the sea where Harry welcomes him.

Kleene: "See? Smoking kills..."

After searching in Dus and Edogawa's room, Captain Kleene Onigiri found those items:

"So it's come to this... I never really liked the Black Organization. So much death and horror surrounded me every mission I got. And even here, on this ship, they've come to commit mass murder again. I've always wished that my sister and I could escape from their clutches, but all who entered the BO never left unless they were in a body bag. Or, much more likely, the bottom of a secluded lake. And so, I resolved to rid myself of the organization once and for all. I even had the pill ready, waiting for me to swallow and be done with.

A

Here I was, ready to end it all. And then, of course, my good friend Yumi called me. We met several years ago, when I was taking an advanced English language and grammar course. I graduated top in the class, my word play and deliberate word choice always impressing the

professor. Her.... Well, you know.

She was a little annoying, but she always got what she wanted when it came to matters of the heart. I met Eisuke the day before we left the harbor on this wretched trip (only because of the BO's foreboding presence, of course). We fell in love, almost as though it were a second time!

Together, we resolved to take down the organization together.

N

Everything seemed to be perfect. But almost as soon as we were on board, things went awry. Yumi, as per usual, could never keep quiet about *anything*, especially romance. Immediately, she spilled about my love, and I knew that it was only a matter of time before my "friends" put two and two together. And something felt weird about one of those people. They weren't police, but they were too smartly dressed to be average civilians. Perhaps they're FBI. Heh, wouldn't it be funny if the FBI was onto the Organization? Anyway, one of those men seemed vaguely familiar...

O

Really, I still can't believe that night. It was so terrible. The boss himself ordered me to slip into one of the guest rooms and kill that person. And so, I crept into the room and drove the sword straight through my victim's stomach. It was only after the slight scream of terror and the terrified, pleading eyes looked into mine when I realized just who I had murdered in cold blood: my own sister, Shiho, her piercing eyes shedding but a single tear before her heart gave out. Horrified and disgusted at myself, I ran to my room and sat crying on the bed for hours.

K

Later, the next day, another person died because of me. Yumi, my friend, jumped off of the boat and was eaten by that shark. Another sin under my hefty belt to account for. I was then certain that they'd figured out our forbidden love.

A

Oh, I forgot to mention: as though the things that happened during that first night weren't enough, another one of those wretched crows came aboard in the middle of the night. That faceless man, she must have called for backup, but you'd think that we had enough cover already.

T

Caring far too much about my love's safety, I tried to reason with them. It didn't work as well as I had hoped.

A

Knowing just how I would react, that horrid group has done the most terrible thing imaginable. They've killed my beloved Eisuke. It's been far too many lives that I've destroyed. I must end it now. So, goodbye guests... Hope you can take down this once-infinite organization once and for all."

Hints:

Well, just Abs. spinning again. The wills gave out enough hints, so I didn't need to make any. Also, I added Edogawas will because the Town needed better hints + it was close to the BO wining D:

Comment:

Lots of people dying D: The BO figured out a lot. Again, Kain was identified but died :/ The town really had bad luck, they always got someone who was killed :/

Well, shin_ichi was figured out because of the stealing. Tho she still could have been a different role I think.

Commi was figured out earlier too, but now APTXed.

Edogawa was proved to be a lover before with the Investigations.

With the numbers decreasing so much, the Town doesn't have much of a chance anymore. If the BO APTX someone successfully the next day, the BO won. A reason why I want to chance the APTX rule to not being able to poison someone as multiple roles.

But having 5 deaths in one day with the reduced APTX was great XD
