Sakina	Jodie		Observe: PT - Adult

Comment:

DT didn't send in an action. Shin_ichi didn't heal again. (Later I Pmed her that she can use first aid. She said she didn't know who to use it on, that's why she didn't use it)

Abs. was frightened, since PT found out (or assumed, wasn't 100% sure about abs. yet I think), that Abs. Is probably a DB like yuriko. But frightening Yuriko would make PT suspicious. That's when Abs, continued to spin around :x

Conia was investigated for protecting someone. Since he contacted PT after night 1, they already guessed that he's more likely to be Makoto than Ran or Akai (tho weren't sure there yet)
Other investigations were for finding KID (tho they actually found him on a different way :x)

The slander on DT was a lucky hit. Parkur checked out Commi for tricking PT (like they thought)

Shin_ichi was stolen from again. Meme was tricked. DT too, tho he didn't know since he didn't send an action :x Paix used Deduction (results are random. Even the place where the murder is placed was made randomly :)) and paix was about to tail Dus :)

Sakina observed another adult. Tho it was also another BO ;D But she couldn't have known.

BOs already found: pofa

I want to throw myself into the sea if Kain dies, but first I want this to be a speech:

"So it's come to this... I never really liked the Black Organization. So much death and horror surrounded me every mission I got. And even here, on this ship, they've come to commit mass murder again. I've always wished that my sister and I could escape from their clutches, but all who entered the BO never left unless they were in a body bag. Or, much more likely, the bottom of a secluded lake. And so, I resolved to rid myself of the organization once and for all. I even had the pill ready, waiting for me to swallow and be done with.

[color=transparent]A[/color]

Here I was, ready to end it all. And then, of course, my good friend Yumi called me. We met several years ago, when I was taking an advanced English language and grammar course. I graduated top in the class, my word play and deliberate word choice always impressing the professor. Her.... Well, you know. :-\ She was a little annoying, but she always got what she wanted when it came to matters of the heart. I met Eisuke the day before we left the harbor on this wretched trip (only because of the BO's foreboding presence, of course). We fell in love, almost as though it were a second time! :D Together, we resolved to take down the organization together.

[color=transparent]N[/color]

Everything seemed to be perfect. But almost as soon as we were on board, things went awry. Yumi, as per usual, could never keep quiet about [i]anything[/i], especially romance. Immediately, she spilled about my love, and I knew that it was only a matter of time before my "friends" put two and

two together. And something felt weird about one of those people. They weren't police, but they were too smartly dressed to be average civilians. Perhaps they're FBI. Heh, wouldn't it be funny if the FBI was onto the Organization? Anyway, one of those men seemed vaguely familiar...

[color=transparent]O[/color]

Really, I still can't believe that night. It was so terrible. The boss himself ordered me to slip into one of the guest rooms and kill that person. And so, I crept into the room and drove the sword straight through my victim's stomach. It was only after the slight scream of terror and the terrified, pleading eyes looked into mine when I realized just who I had murdered in cold blood: my own sister, Shiho, her piercing eyes shedding but a single tear before her heart gave out. Horrified and disgusted at myself, I ran to my room and sat crying on the bed for hours.

[color=transparent]K[/color]

Later, the next day, another person died because of me. Yumi, my friend, jumped off of the boat and was eaten by that shark. Another sin under my hefty belt to account for. I was then certain that they'd figured out our forbidden love.

[color=transparent]A[/color]

Oh, I forgot to mention: as though the things that happened during that first night weren't enough, another one of those wretched crows came aboard in the middle of the night. That faceless man, she must have called for backup, but you'd think that we had enough cover already.

[color=transparent]T[/color]

Caring far too much about my love's safety, I tried to reason with them. It didn't work as well as I had hoped.

[color=transparent]A[/color]

Knowing just how I would react, that horrid group has done the most terrible thing imaginable. They've killed my beloved Eisuke. It's been far too many lives that I've destroyed. I must end it now. So, goodbye guests... Hope you can take down this once-infinite organization once and for all."

(..... How much of this would be censored? :-X)

CTU

I really regret Xpns death. I stole a gun from her the day before so I assumes she was ORG...not Yumi :(

Well I am on my way to proving tommy to be town I just got to see if he is disguised (aka vermouth) or if he is the town member I think he is

Phase Change

Night 2 begins.

The sun is rising again... and the morning doesn't start very quiet on the deck of the "Shitty Ship".

Jack: "Hahahahaha!"

Kleene: "Stop laughing...."

Jack: "..... BWAAAHAAHAHAHAHAA!"

Kleene: "Grrr... You should have caught me when I stumbled! But noooo~ You preferred to just watch me falling on my head and cut my forehead!"

Jack: "haha... sorry, sorry. But, you look so great now! Maybe you shouldn't drink so much?"

Captain Kleene Onigiri makes a fist and wants to hit Jack, but he reacts fast and pulls out an item from his pocket.

Kleene: "Huh? What's that?"

Jack put a band-aid on Captain Kleene Onigiri where she cut her forehead .

Jack: "There, it's all right now <3"

Kleene: "Uhh... uhm. th-thanks, I guess."

Jack: "Oh, Captain? Are you blushing?"
Kleene: "I'm not!" she walks away fast.
Jack mumbling to himself: "Phew, I got away somehow"

Kleene walks away and notices two glasses and a wine bottle on a table. She also notices some stains from the wine on the table and on the floor.

Kleene: "Jeez. They can't even drink without making a mess. Anyway, time to go to the bathroom."
Kleene Onigiri wants to go to the bathroom. She opens the door and makes a horrible discovery. Someone was shot in the head. But not like the others, she stays calm. She crouches down to the victim and notices that something seems strange. Some of the victims skin is falling apart where he was shot. Kleene pulls on the skin and pulls off a mask.

It's **1412 disguised as Camel (CTU)**

"Kyaaaaaaaaaaaaaaaaaaaaaaaaa!" Kleene suddenly hears a scream behind her. It was a little girl named Striprice.

Kleene: "Oh jeez"

Not even 5 minutes later, everyone gathered around the scene.

Jack: "What... again?"

Kleene: "Yeah, seems like it."

Jack: "So, who was it?"

Kleene: "I don't know. But he was shot in the head. He was also clenching on a bottle of alcohol, probably from last night. Since I was drinking with him a lot. Ohhh~ he drank quite a lot. He especially liked *Sea Breeze*. But... isn't he underage? Well, who cares now."

Jack: "So... what about the bottle..."

Kleene: "Oh, yeah. Well, there was a note in the bottle he was holding."

I really regret Xpons death. I stole a gun from her the day before so I assumes she was ORG...not Yumi

Well I am on my way to proving tommy to be town I just got to see if he is disguised (aka vermouth) or if he is the town member I think he is

Jack: "Hmm... I see. So, what does that mean?"

Kleene: "I don't know... sadly. But, you know what to do Jack!"

Jack: "We find the murderer? Right?"

Kleene: "No, Jack. YOU will clean up this mess!"

Jack: "Urgh..."

Kleene: "Alright, everyone else, meet at the deck again in some minutes."

Hints:

I decided the hints with giving the 2 dead players, xpon and xcom, making a decision (similar o the ones everyone else got too.) Both xcom and xpon got decided on the wrong decision, creating a false hint on a BO and on Town.

I also made Eve decide something. She made it a true hint on the lovers. I decided to show that there is just 1 lover pair in the game.

False hint on Vodka: liked *Sea Breeze* - it's a cocktail:

A **Sea Breeze** is a [cocktail](#) containing [vodka](#) with [cranberry](#) juice and [grapefruit juice](#). (Wiki)

False hint on town: Shinichi, Ran and/or Sonoko in the game (KID was already dead): **Band-aid** used by Jack on Kleene Onigiri. Movie 14 was out, where that band-aid appeared. It was also made somehow romantic between Jack and Kleene? Tho it was more like Jack teased Kleene actually :P (what actually happened, I swear a-chan!). Well that band-aid should point on a Ran/Shinichi/Sonoko. Tho no one seemed to bother :V

Right hint on 1 lover pair being in the game:

Kleene walks away and notices **two glasses** and a wine bottle on a table. She also notices **some stains** from the wine on the table and on the floor.

Kleene: "Jeez. They can't even drink **without making a mess**. Anyway, time to go to the bathroom."

Two glasses -> 1 pairing drinking together. That mess was caused by Eisukes clumsyness. Which should hint on Eisuke being a part of the lover pairing.
