Yumi: Just 1 possible pair, which is a Town/BO pair. Could have chosen to make no lovers at all, but didn't, since that's lame.

Vermouth: Almost didn't send in an action. Had to PM Parkur again to tell him that he needs to

send in some player names :x

Just 3 possible roles available. And got James, which gave him info about the FBI people and that there is one disguised.

1412: Didn't send in an action at all. Usually, he wouldn't be disguised then. But I thought it would be too harsh, so I gave him a random one, which ended up being Camel.

Hints:

No hint in the prep.phase post. Made it so that Conia was "ready" and some other people too. Otherwise it could hint on him not being on board yet.

Preparation Phase

It's a beautiful day. The breeze at the harbor tastes salty and there is a great, awesome ship anchored with the great, awesome name "Shitty Ship". People are amazed at it's sight but get a strange feeling. A feeling that gives you goosebumps. The feeling fear.

Still, even with those goosebumps the people would like to board the ship and sail with it across the sea. Even if it would be just once.

"Ha! I don't let anyone on my great ship!" someone suddenly said proudly. "Just people that got an invitation can board my darling!"

It's a woman with a black coat and an eye-patch. Even tho she's small she stands firm on her ship and looks down at the astonished people.

"Gentlemen, m'lady. This is the day you will always remember as the day that you almost boarded the ship of Captain Kleene Onigiri! Or the day you actually boarded it."

You can still sign up. Tho having a prep-phase role then is unlikely.

PMs will be send out, in case there are any prep-phase roles

Meanwhile, on the "Shitty Ship"...

Captain Kleene Onigiri: "All right Jack! Let's check the list! Is CTU aboard?"

Jack the sailor: "Yes, sir! He even brought a puppy with him sir!"

Kleene: "A puppy? We don't allow such... things here. We're not a petting zoo!"

CTU: "But! It's my pet!"

Kleene: "I said no! Leave that dog at the harbor! Well then... what about pofa? Ah, I think I saw her with a straight poker like face already.

What about Paix672 then?"

Jack: "Paix is ready! Everything alright here!"

Kleene: "Good. Next on the list is PhoenixTears."

Jack: " We have some problems with her..."

"Problems?"

"Yes... well. See that person over there burning?"

Kleene: "WHOA! Put the fire out, fast!"

Jack: "Well, that's the problem. We tried to put the fires out. But seems like she'll keep on burning."

PhoenixTears: "I'm sorry... I can't put the fire out. I'll just keep on burning. I hope it doesn't make any problems." *starts to cry*

Kleene: "It's ok! As long as you don't burn my ship, everything should be alright!"

PhoenixTears: " Thank you! I shouldn't burn the ship... at least not all of it.."

Kleene: "Oi oi... well, to the next one. What about Commi-ninja?"

Jack: "Well, we aren't sure if she's here actually."

Kleene: "Huh? What do you mean you don't know? She's either here or not!"

Jack: "Well, you know... It's a ninja thing. We never saw her personally boarding the ship. But we did see some shuriken on the wall."

Kleene: "Oh. Then she's on the ship. No problem there. WAIT! She shouldn't throw around shuriken and damage my ship! D: Whatever.

Oh, is Akonyl aboard?"

Jack: "Yes, we saw some blue bars coming aboard."

Kleene: "Great!" *whispers to jack* "Psst... give him the room next to mine"

Jack: "Uhm... alright. Well... uh... anyway. Seems Holmes arrived too. He even knew how old I was. And where I was born. And who I'm in love with. And who my parents are... all because he was shaking hands with me!"

Kleene: "Well, that's Holmes for you. What about Conia?"

Jack: "Conia, that stalker, is ready too. Same with Edogawa4869"

Edogawa: "Want some brownies?"

Kleene: "Uh... thanks" *eats brownies* " So, what about KainTheVampire? Argh!"

KainTheVampire: "Here I am! Aww, you're so cuddly! Thanks for inviting me!"

Kleene: "Alright alright. No problem. But don't surprise me like that with a hug. Look, Akonyl is turning into yellow bars. Well, what about Yurikochan and meme?"

Jack: "They are ready too!"

Kleene: "And xpon?"

Jack: " Yes, he arrived too! But his cloths were all wet because of a flood."

Kleene: "Oh, that's not good. Hope he'll be ok. Well, what about Abs."

Jack: "He's on the ship. The crew said they saw him"

Kleene: "So, you didn't saw him yourself? I always wondered how he looks like..."

Jack: "Well, I didn't see him myself. But I have a picture. Rumor says that's him. [Here](#)."

Kleene: "Oh dear god! Burn that picture! Ahem... Well what about Par--- What the..?! What's that unicorn doing here?!"

Parkur: "Oh, that's my unicorn"

Kleene: "Take it away!"

Parkur: "But look, it's cute and nice and beautiful."

Kleene: "It already pooped some rainbows at my ship! Take it away immediately!"

Parkur:

Kleene: "Oh my... let's continue. What about Schillok and breva?"

Jack: "They are ready too. No problems here."

Kleene: "And nmemory?"

Jack: "Also here. But she was kinda confused. She couldn't remember why she was on the ship. Or what her name was. Or where she wanted to go. Then she went of and drank some tea."

Kleene: "Everything is alright then. So, what about Sherlock3?"

Jack: "Also aboard. She also knew where I was living, what my favorite color is and what I like to eat and so on just because I said welcome to her! You think... she and Holmes are related?"

Kleene: "Hm... possible? So, what about shin_ichi01?"

Jack: "Uh... she's also here. She greeted me with a kick..."

Kleene: "Haha! Nice greeting! And xcommando?"

Jack: "He's arrived. But I had to take away all his grenades and other explosives first before letting him on the ship.."

Kleene: "Woah, dangerous fellow! And the last two, Detective Tommy and Sakina?"

Jack: "They arrived a bit late. But still made it."

Kleene: "Alright! Then we are ready to set sail! Even tho we miss some people that couldn't make it... Let's take off!"

Suddenly, a lot of dust was blown around. Kleene: "Oh, welcome aboard dust!"
